- Campus Resources
Introductions

• Zach Sanderson, Residence Hall Director

• What is my favorite thing about Chicago in the summer?
Residence Life Policies

- Quiet hours
- Sharing keys
- Community damages
- Parties
- Alcohol
- Community respect
Student Conduct

• Smoking inside
• Illegal drugs
• Sexual misconduct

• What if you break policy?
  – Meeting with Student Affairs administrator
  – Living in the residence halls
  – BSMP/IIE expectations
Summer events & programs

- Your Resident Advisor
- Summer Experience Assistants
- Flyers in the halls
- MSV Courtyard open
- Chicago events
Your room

• Keys
  – Lost keys
  – Lost ID

• Thermostats

• Maintenance Requests
  – web.iit.edu/rgl/maintenance
  – Emergency? Go to your Community Desk

• Mailing address
  – Post Office
Your roomMATE

• Doesn’t need to be your BFF!
• Roommate conflicts
• Room switches

Your communIITy

• Summer at Illinois Tech
• Community respect
• Lounges
• Graduate Hall kitchen
Meal plans

• 21 Meals per week
  – Do not roll over each week

• The Commons:
  – Breakfast: 7a-9a
  – Lunch: 11:15a-1:45p
  – Dinner: 4:30p-7:00p
    » Express Meal Pick-up until 7:30 pm

• Vending
  – Tech Cash
  – $USD
RGL Staff you will meet

• RGL Front Desk
  – Laura
  – Noah

• Residence Hall Directors
  – Keith
  – Shavonn
  – Zach

• Student Staff
  – Resident Advisors
  – SEAs
Campus Resources

• Community Desks
  – MSV and Carman Hall

• Residence & Greek Life Office
  – MSV 110

• Public Safety
  – Farr Hall

• Student Health & Wellness Center
  – IIT Tower, 3rd floor

• Post Office & Copy Center
  – MTCC
Mailing Address

3241 South Wabash Ave
Chicago, IL  60616

  - STI screening

---

IIT Summer Groups Orientation 2016
WHEN SHOULD YOU CONSIDER GETTING HELP?

- When you are in physical or emotional pain.
- When you feel concerned about your health.
- When personal problems interfere with your academic success.
- When issues from your past become significant problems.
- When you are worried about a friend.
Initiating Services

Intake

- Student must call 312.567.7550 to schedule an intake appointment.
- Student will complete required paperwork and have an intake interview with a clinician.

Disposition

- During our weekly meeting we will discuss recommendations for in-house or off campus referrals.
- Students who will be seen by SHWC are assigned to a therapist and then contacted by that individual to set up an appointment.

Ongoing Services

- Student and their assigned therapist will negotiate goals, frequency, and duration of treatment.
- Students may also participate in group therapy or psychiatry services as appropriate.
COMMON QUESTIONS

• What if I just want information about my medical or psychological health?
• What if I don’t have enough money to see a provider?
• Can I see someone whenever I want?
• Do I have to be crazy to get therapy?
Students experiencing an acute crises may walk in to SHWC at any time.

We have triage hours set aside at 11am and 3pm Monday through Friday.

If a student is in crisis, we attempt to accommodate them whenever they come into the office.

During a crisis appointment, students are assessed for risk of harm to self and others.

Based on this assessment, appropriate next steps are taken.

IIT Emergency Communication System Needs Your Action

A new IIT Alert system is now in place to send immediate emails, text, and voice mail messages to active IIT faculty, staff, and students in the event of severe weather or an emergency that affects the safety of the IIT community on any of our campuses.

Alerts are sent to IIT account holders including all @hawk.iit.edu, @iit.edu, @id.iit.edu, @kentlaw.iit.edu, and @stuart.iit.edu active email addresses. In order to ensure that the emergency alerts are received in a timely manner, please follow the three steps below to add mobile phone numbers (type without adding periods or hyphens), confirm your IIT email address and select additional alert preferences. For example, you can select the option to receive emergency alerts via text and voice mail messages, and non-IIT email addresses.

Please review your account as soon as possible to ensure you continue to receive IIT Alert notifications:

1. Click here and use your myIIT username (not your full email address) and password.
2. Enter your mobile phone number (type without adding periods or hyphens) and check the additional methods in which you would like to receive IIT Alert messages (these include text and voice mail messages.)
Illinois Tech Google Apps

• Login through myIIT using the “Google Apps for Students” icon

• Format for student email addresses:
  
  UID@hawk.iit.edu

• Format for faculty and staff email addresses:
  
  UID@iit.edu
  UID@stuart.iit.edu
  UID@kentlaw.edu

• Google Apps for Education includes:
  • Google Docs
  • Calendar
  • Groups
  • etc.

• Google Drive: No storage limit
NETWORK ACCESS

• Wireless Network
  – Wireless is available in all academic buildings and residence halls.
  – You should always use ‘IIT - Secure’.
  – Illinois Tech participates in EDUROAM to allow you to access wireless at other participating universities using your Illinois Tech login & password.

• Wired network
  – If you will live in the residence halls, Residence and Greek Life will provide you with information about the wired network.
HOW DO I GET CONNECTED?

• Register each networked device using your myIIT username and password
  – Laptop, Desktop, iPad, Gaming systems, Smart Phones, etc.

• To connect the first time on any device use ‘IIT Connect’.
  • You will be prompted for your login & password.
  • Use your full email address (xxx@hawk.iit.edu) as your login for this
  • The XpressConnect application will be installed that will put you on ‘IIT Secure’
  • You will then be asked to register your device using your login & password.

• Personal printers
  – We recommend using USB if you have a personal printer to prevent access from unauthorized individuals
**HAWKi MOBILE APPLICATION**

Available now:

- **Courses** – View your course assignments, class rosters, grades, discussions and class announcements/updates
- **Holds** – Receive mobile notification if a hold should happen and require action
- **News, Academic and Event Calendars**
- **Maps and Dining Halls**
- **Emergency** – Get instant access to IIT security and safety services

Coming soon:

- **Enroll Now:** allows students to add or drop courses on their mobile devices.
- **Course Catalog:** ability to search for and view course schedules, offerings and credit hour details.
- **Financial Aid:** provides students instant access to their financial aid status along with the ability to accept or reject awards.
COMPUTER LABS & PRINTING

Computer Classrooms/Labs
- 11 large computer labs are provided on the Mies Campus for student use. 10 of these are classrooms that are available for your use when a class is not in session.

Kiosk Computers
- Computers are scattered throughout campus for students’ use in residence halls, academic buildings and the MTCC for student use.

Galvin Library Laptops
- Laptop computers are available for checkout in the library. They may be used anywhere on campus for up to four hours.

Virtual Computer Lab (VCL)
- OTS provides a VCL for many classes so you don’t have to visit a lab. You can access certain software from any location at any time from your own device.
- Ask your instructor if you would like to use VCL.

Services Available
- Academic Software
- Printing Stations and large scale plotting
- Scanners

Printing
- Located in most academic and residential buildings
- How to print:
  - Direct printing from labs and kiosk computers
  - Remote printing from your own PC/Mac and VCL
  - Mobile printing from your tablet or smart phone
Keeping Your Technology Safe

• Never share your password with anyone.
  – No one at Illinois Tech will ever ask you for your password.

• Do not share copyrighted materials or download anything illegal.
  – It violates our Code of Conduct and federal laws.
  The consequences are serious!

• Keep your operating system and browsers up to date
  – It will help prevent you from getting and spreading malware.

• Install anti-virus software
  – McAfee is free to students via the OTS Downloads channel on the myIIT Training and Support tab.

• Don’t do anything that interferes with anyone else’s ability to use the university’s network and systems.
  – Be a good member of the campus community.
    We recommend turning off Bluetooth if you aren’t using it
Need Help?

• OTS Website:  http://ots.iit.edu

• Access the “Training & Support” tab in myIIT

• OTS Support Desk:

  The OTS Support Desk is here to help you and can be reached in any of the following ways
  – Click on “OTS Support” in myIIT
  – 312.567.3375 or 7-DESK
  – http://support.iit.edu
  – supportdesk@iit.edu
  – Upper level of Galvin Library

The OTS Support Desk provides free computer support (labor only) for student PCs & Macs
Public Safety

• First responders to disturbances, suspicious persons and activity, hazardous conditions, intruder alarms, fire alarms, panic alarm, and criminal activity such as theft, robbery, assaults etc.

• Non-emergency medical transportation to Student Health & Wellness Center or Mercy Hospital.

• On-campus uniformed public safety officer escorts. Also during specific hours, off-campus escorts are provided to designated points.

• Vehicle unlocks and battery “jump” starts.

• Lost and found property custodian.

Primary Services
Public Safety Communications

Non-Emergency 312.808.6300

- Emergency Telephones
- Bulletins and campus publications (IIT Today, TechNews, Facebook (www.facebook.com/IITPublicSafety))
- IIT Alert

Emergency 312.808.6363
• Be cautious when crossing a road.

• Make sure to look both ways.

• One study found that only 40% of drivers obeyed this sign.
• Plan your way in advance. Choose well-traveled routes. Use discretion when talking or walking with strangers, even if they are offering you help or assistance. Always keep moving toward your destination. Walk with purpose.

• When possible, try to travel with friends, whether it is daytime or evening. Just remember: Safety in numbers.

• Avoided deserted areas. Do not cut through parks, alleys and vacant lots at night.
• If you think you are being followed, cross the street, change direction, or go to a public place where others are present.
• If a person confronts you and demands your money or possessions, give what is demanded and create a safe distance.
• Keep alert. Don’t let a conversation on your cellphone or the use of headphones make you unaware of your surroundings.
• Use caution when using automated teller machines (ATMs). Select one located in a busy, well-lighted area. Plan ahead so you are not forced to find a machine in an unfamiliar part of town.

Walking
• Do NOT fall asleep on Public Transportation.
• Avoid isolated bus or train stops and times when few other people are around.
• Keep your belongings on your lap if possible.

Using public transportation
Things to do while you are here

Trip to Museum of Science and Industry – June 8
Beach Day – June 11
Trip to Taste of Chicago – July 6

Times for all departures To Be Determined (TBD)!
