Full-time Faculty Positions in Information Technology and Management

The Department of Information Technology and Management in the School of Applied Technology at Illinois Institute of Technology in Chicago, Illinois invites applications for full-time faculty positions.

The Illinois Institute of Technology is a private Ph.D.-granting research university, with world-renowned programs in engineering, architecture, the sciences, applied technology, humanities, psychology, business, law, and design. Illinois Tech’s School of Applied Technology, one of eight schools within the university, emphasizes hands-on, project-based education and research. The main campus is located three miles from downtown Chicago with full access to all the business, culinary, cultural, entertainment and recreational activities that one of the nation’s top urban centers has to offer.

The Department of Information Technology and Management is one of three degree programs within the IIT School of Applied Technology, and offers bachelor’s and master’s degrees in Information Technology and Management as well as Cyber Forensics and Security. Our Bachelor of Information Technology & Management degree is accredited by the Computing Accreditation Commission of ABET, http://www.abet.org., and Illinois Tech has been designated as a National Center of Academic Excellence in Cyber Defense Education by the National Security Agency and the Department of Homeland Security. While nationally renowned for our research in cyber-security, steganography, and real-time communications, a full range of areas of study in the field of information technology are offered. The ITM Department is currently a community of over 200 undergraduate students, over 460 graduate students, 8 full-time faculty, and numerous visiting and adjunct faculty.

We are seeking self-motivated, entrepreneurial, team-oriented applicants who will positively contribute to our academic excellence, continuing growth, strong industry relationships, and our highly successful research initiatives. Candidates should possess demonstrated expertise in one or more of the following areas:

- Web and Web Application Development.
- Networking, VoIP, and Real-Time Communications.

These appointments are for a one academic year term, with full benefits. Rank and salary will be competitive and commensurate with experience; average faculty salaries at Illinois Tech are in the 96th percentile of U.S. universities. Appointments are renewable, contingent upon satisfactory performance. Potential exists to move into tenure-track positions based upon demonstrated teaching success, cultural fit, performance reviews, research potential, and available budgetary resources.

The successful candidate will teach undergraduate and graduate-level courses across the disciplines of information technology. In addition, they will participate in advising and course/curriculum development. Research and writing are important for these faculty positions. Applicants should have the potential to collaboratively contribute to interdisciplinary curricular and scholarly efforts within the department as well as across the entire university, and to supervise master’s level research students.

The candidate must demonstrate strong potential for research with a proven publication record in ACM/IEEE or similarly positioned journals and proceedings. Applicants must have an earned Doctorate, teaching experience, and three to five years of real-world IT industry experience.

Applications are currently being accepted, and should include a current Curriculum Vitae, statement of teaching and research interests, a cover letter, and three letters of recommendation that address the candidate’s teaching qualifications or potential. Application review will begin immediately and continue until the positions are filled. For consideration for hiring for positions to start in Fall 2017, applications should be received by November 15, 2016.

Please submit applications to the ITM Assistant Departmental Coordinator, Angela Jarka, at ajarka1@iit.edu or via surface mail to:

Department of Information Technology and Management
Attn: Faculty Application
10 W 33rd St. Suite 233
Chicago, IL 60616

Electronic submissions are preferred.

For questions regarding the positions, please contact the Associate Chair, Ray Trygstad, at trygstad@iit.edu or 630.447.9009

Illinois Institute of Technology is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA employer committed to enhancing equity, inclusion and diversity within its community. It actively seeks applications from women, minorities, individuals with disabilities, veterans and other underrepresented groups. All qualified applicants will receive equal consideration for employment.
