Using the myIIT Portal... my.iit.edu

The myIIT Portal is a “one-stop shop” where staff, faculty and students alike can access all essential online systems (Blackboard, e-mail, Banner Student, IIT announcements) and other helpful resources.

▶ Registration Tools
  This channel provides quick links to look up your class schedule and add or drop classes.

▶ Banner Self-Service
  Navigate through all areas of Banner Self Service including your student records, financial aid and personal information forms for updating an address and other information.

“Alternate PIN” Required for Registration

A unique term-specific number called an "Alternate PIN" is required to add, drop or withdraw from courses. All undergraduate and first term graduate students must consult with an advisor regarding course choices prior to registration and then will receive the Alternate PIN from their advisor. Continuing graduate students can find their Alternate PIN under ‘Personal ID Numbers’ on the Welcome tab within myIIT portal. The PIN is valid for one semester only.

How to Register for Courses

6. Type in CRN number -or- use the Class Search function to look up and add classes. **Typing in the CRN is best, as that is the only way the waitlist option will appear if the desired course section is closed.**

Waitlisting’ for Closed Sections

1. When registration using a CRN cannot be completed due to a closed course section, the waitlist option appears in the ‘Action’ field (mini drop-down menu) associated with that course.
2. Choose ‘Waitlist’ for respective course and click Submit.
3. If a seat is available, INTM staff will ask Registrar to release a seat.
4. Registrar will send email to student indicating registration must be completed within one to three days.
5. Return to Add/Drop Classes, change option to ‘Registered’ and click submit.
6. Registration confirmation appears on screen.

Quick Guide Available for Basic Procedures

The ‘Banner Student User Guide’ provides step-by-step instructions on how to register, view and accept financial aid, view current transcripts and holds, view current student schedule, and update addresses. This 9-page guide is available within the myIIT Portal under the ‘Academics’ tab, specifically in the box titled ‘About this Tab – Academics’.

Transcripts

An official transcript of a student’s academic record at Illinois Institute of Technology is available only through the Office of the Registrar, upon the authorized request of the student. Illinois Institute of Technology has partnered with Credentials Inc. to take online requests for transcript orders.

PDF/ELECTRONIC TRANSCRIPTS ARE NOW AVAILABLE!

This new service allows students and alumni to order official PDF electronic transcripts via the web at any time with worldwide delivery in about an hour. The option to designate a PDF version can found after the recipient’s address is entered/selected in the “Recipient(s)” section of the order.

- The PDF/electronic transcript option offers online order tracking—with the time, date, and name of the person who received your record. No need to pay for FedEx!
- All transcripts from 1980 to the present can be delivered in a PDF/electronic format.
- PDF transcripts viewed electronically are recognized as official documents. A printed copy of a PDF transcript will be considered “unofficial” and will display the words “PRINTED COPY” on all pages of the PDF.

RESTRICTIONS

- Any financial hold on a student’s account must be cleared before a transcript will be released.
- Payment for orders must be received before a transcript request will be processed.

FEES

- There is a $12 fee for each transcript, which includes U.S. Postal Service First-Class Mail (regular mail) for printed paper transcripts.
- Federal Express (FedEx) delivery service, which provides tracking information, is available for an additional fee.

Upon registration, all students are automatically enrolled in the Aetna Student Health Insurance plan.

Students who have an active health insurance policy and wish to waive the IIT student health insurance must complete the online waiver by or **SEPTEMBER 1**.

INTM’s Master Textbook Listing is available online at: http://appliedtech.iit.edu/industrial-technology-and-management/students/intm-required-textbooks
**Important Reminders for all INTM Students**

**PLEASE UPDATE YOUR LOCAL ADDRESS IN myIIT**

Both new and continuing students are asked to review and update their address in Banner Student. International students should input a “Local” address and phone number. **Inputting your contact information is incredibly important** – especially a cell phone number – as situations sometimes arise (e.g., inclement weather or instructor illness) which require a class to be cancelled at the last minute and INTM staff will try to notify students by phone.

To access your contact information, click on the ‘Academics’ tab, then the ‘Banner Self-Service’ link at right, then the ‘Personal Information’ link and finally the ‘Update Addresses and Phone’ link.

**CLASS ATTENDANCE AND EXAMINATIONS**

If you are enrolled in a live class (not an Internet section) at the Main Campus or Rice Campus, the course instructor expects to see you in class each week. **Domestic students who are not enrolled in an Internet section and must travel for work should notify their course instructor of expected absences before the class takes place (a simple email is sufficient).**

Also, all students in the Chicagoland area (including Internet students) are expected to attend in-class (or proctored) examinations as scheduled by the course instructor. If you cannot take an examination on the scheduled date, alternate arrangements must be approved by the course instructor and coordinated with the INTM office at least **one week in advance.**

Out-of-state Internet students who are required to secure a test proctor should contact the IIT Online Office (Chuck Scott, scott@iit.edu) to make arrangements at least **one week before the exam.** Students who contact an instructor just before or after an examination to make alternate arrangements should expect to receive a failing grade (0 points) for that examination.
